

## SUMMARY SHEET

### I. Description of Item

This Resolution calls Shelby County Board of Equalization into its **annual regular session beginning May 1 and ending June 30, 2010.**

The **deadline for filing 2010 property tax appeals** is the last day of the regular session: Wednesday, June 30, 2010.

This Resolution **continues the pay schedule established in July 1998** by the Commission: \$70 per day for the chair, \$60 per day for associate members, and \$25 per hour for hearing officers.

It also sets up a **special session** for the Board of Equalization to hear the appeals that were filed by the June 30 deadline. The special session runs **from September 2010 through June 2011**, if necessary.

It also **continues the special session for reappraisal year 2009 appeals**, to complete the large number of appeals filed during that reappraisal year.

#### **IV. Additional Relevant Information**

State law requires that the Board's annual session begin in May. (*T.C.A. § 67-1-404[c]*). This Resolution provides for a five-day regular session for the 2010 appeals. The last day of the regular session, June 30, is also the filing deadline. This is the same deadline as in other recent non-reappraisal years.

The five days of meetings are spread out during May and June. (A regular session may last no longer than 30 days. *T.C.A. § 67-1-404[b][1][D]*.) A short five-day *regular session* is chosen since the great majority of appeals are always filed near or on the last day, therefore most 2010 appeals cannot be scheduled for hearing until after the June 30 deadline. The Resolution therefore schedules a *special session*, after the filing deadline, for the Board to hold hearings on the 2010 appeals.

The Assessor will carry over Board decisions from 2009 into 2010, where appropriate, when she certifies the tax roll on April 20. (That does not include parcels that have had changes, or for which 2009 appeals are still pending). She carries the values forward because we are still in the four-year reappraisal cycle from 2009. Those values still apply until the next reappraisal (2013), unless the property has changed or unless an appeal is pending.
